OPERATION FOR APPENDICITIS ON HURON ASHFORD

Huron K. Ashford, clerk to the first judge of the local circuit court, was taken seriously ill with appendicitis at his home in Beretania street last night, and this morning was removed to the Queen's hospital, where he was operated on by Doctors Straub and Wood.

According to late reports from the hospital, the operation was successful and Mr. Ashford is expected to recover rapidly. Owing to his absence from court, all cases on the calendar for today and tomorrow have been continued until 9 o'clock Saturday morning.

"Huron came home last night and ate an unusually large dinner," said Judge Ashford today. "He said he was so hungry that he had pangs in his stomach. He was taken ill shortly after."

Mr. Ashford is expected to return to his desk in about two weeks.

NEW ADAM AND EVE GO IN WOODS OF MAINE TO SPEND THREE WEEKS

SKOWHEGAN, Me. — A modern Adam and Eve are in the woods near here for a three weeks' stay. Adam is Walter Bates of Gray, Me., and Eve is his wife.

They violated the Biblical tradition by substituting bathing suits for fig leaves. But they entered the wilderness with empty hands, prepared to wrench subsistence from the earth—roots, from the berry bushes or from wherever else it might appear.

EXCEED RECORD OF YEAR AGO IN THREE-DAY SALE

Silva's Toggery Announces More Cash Sales Than in November of 1914

"Our cash sales on Monday, Tuesday and Wednesday of this week, the first three days of our 10-day sale, have considerably exceeded the cash sales which we made during the entire month of November of last year," said A. C. Silva, president and manager of Silva's Toggery, Ltd., this morning.

"It surely does pay to advertise," continued Mr. Silva, "for already our sales have exceeded those of any Christmas sale in enormous measure. Though we close for business at 6 o'clock each evening, we have had to keep working until 9 or 10 o'clock every night getting out goods for the next day."

"One of the most pleasing features of our success is that the bulk of our trade has been with our regular buyers—patrons who have been dealing with us for a long time, and therefore know the value and quality of our goods, and realize what genuine bargains are being offered."

Big Cuts on Standard Lines. The sale at Silva's Toggery, which began November 1, and will last until November 10, inclusive, has been featured by cuts in price running as large as 30 and 35 per cent on such standard lines as Hart Schaffner & Marx clothes for men, Knox hats and the "Extra Good" clothes for boys. So far the main lines of clothes and furnishings have been featured. All standard goods are being offered at big reductions.

"We attribute the success of our sale to the high-class advertising campaign which we had mapped out, and have followed in detail," says Mr. Silva, "and to the fact that the standard values of our popular lines are well known to the public."

The sale is being conducted on a cash basis only, and will not be continued after Wednesday of next week, November 10.

GREY IS DEFENDED BY POWERFUL PAPERS FROM ATTACKERS

LONDON, Eng. — "Clearly it was quite impossible to outbid the German offer," says the Westminster Gazette in commenting on the alignment of Bulgaria with the Teutons.

"With their habitual cynicism the Germans were prepared to offer anything, and since the greater part of their offerings were at the expense of their enemies, the operation on the paper was ridiculously easy. We, on the contrary, could only offer the possessions of our friends."

In such circumstances the Gazette condemns the outbreak against the foreign office, which has been criticized severely by some newspapers. The Pall Mall Gazette takes the view that personal attacks on Foreign Secretary Grey will prove of assistance to him in rallying public support.

PILES CURED IN 6 TO 14 DAYS PAZO OINTMENT is guaranteed to cure blind, bleeding, itching or protruding PILES in 6 to 14 days or money refunded. Manufactured by the PARIS MEDICINE CO., St. Louis, U. S. A.

Fort Shafter Notes

(Special Star-Bulletin Correspondence)

FORT SHAFTER, Nov. 3.—The army transport Buford, which started from Galveston a month ago with the 27th Infantry destined for the Philippines, and which has been held up at the Panama canal on account of the slides on the Isthmian waterway, will be utilized in all probability for the transportation of troops, leaving the infantry regiment in the Canal Zone. It is proposed to take advantage of the delay in the passage of the Buford through the canal to return the 23rd Infantry from Jacksonville to Galveston. That command has been serving during the national match in Florida and is destined to return to its station in Texas. After this service has been rendered the Buford will be sent to New York for recruits for the troops in the Canal Zone for Company A of the Signal Corps under orders for duty on the Isthmus and for 50 animals. By the time the Buford returns to Panama it is hoped that there will be some indication of the exact date when the passage of the canal may be resumed. In the meantime, the 27th Infantry stays in the Canal Zone.

According to an eastern paper recently received, the war department has authorized and allotted the funds for the construction of eight new officers' quarters, storehouses and other buildings at Fort Kamehameha to the extent of an expenditure of \$25,000. The work will be in charge of Lieutenant James B. Houston, Quartermaster Corps, who succeeds in that capacity in Hawaii Lieutenant B. Chestnut, the army quartermaster who has rendered valuable service in connection with new work in the Hawaiian department. Part of all of the work will be done by hired labor instead of by contract. As soon as the made land back of Fort Armstrong is filled in as a result of the harbor-dredging operations, it is expected that the war department will provide better and larger quarters for the men stationed at this fort, as the present quarters are cramped and far from ideal. The new buildings will probably not be built at Armstrong for at least a year, however.

The troops at the fort will be paid on Thursday, commencing at 1 p. m. by Capt. Van Way, Quartermaster Corps. The payment will take place as usual at the post exchange building. About \$35,000 will be disbursed to the troops. Company B being on guard will not be paid until next Monday.

Due to the heavy rains at the fort the Machine Gun Company has been unable to complete its target practice. The rain has also interfered with the police work of the post so that it has been almost impossible to clear away the heavy underbrush and repair the walks in the cantonment.

Arrangements are being made at the fort for a Christmas tree for the children of the post, and already the officers have contributed toward it. Chaplain William Reese Scott, 2nd Infantry, will be in charge of all the arrangements and a big success is assured for the children.

First Lieutenant John B. Richardson, battalion adjutant, 2nd Infantry, has been relieved from duty as prison officer and 2nd Lieutenant Robert G. Calder, battalion quartermaster and commissary, 2nd Infantry, has been detailed in his stead.

There will be an informal hop on Friday evening at the 2nd Infantry officers' mess. The 2nd Infantry band will furnish the music. Sgt. Francis J. Murphy, Company C, 2nd Infantry, has been detailed as trumpet sergeant and orderly to the colonel.

STOP DANDRUFF! HAIR GETS THICK, WAVY, BEAUTIFUL

Girls! Draw a Cloth Through Your Hair and Double Its Beauty

Spend 25 Cents! Dandruff Vanishes and Hair Stops Coming Out

To be possessed of a head of heavy, beautiful hair; soft, lustrous, fluffy, wavy and free from dandruff is merely a matter of using a little Danderine. It is easy and inexpensive to have nice, soft hair and lots of it. Just get a 25-cent bottle of Knowlton's Danderine now—all drug stores recommend it—apply a little as directed and within ten minutes there will be an appearance of abundance, freshness, fluffiness and an incomparable gloss and lustre, and try as you will you can not find a trace of dandruff or falling hair; but your real surprise will be after about two weeks' use, when you will see new hair—fine and downy at first—yes—but really new hair—sprouting out all over your scalp—Danderine is, we believe, the only sure hair grower, destroyer of dandruff and cure for itchy scalp and it never fails to stop falling hair at once.

If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderine and carefully draw it through your hair—taking one small strand at a time. Your hair will be soft, glossy and beautiful in just a few moments—a delightful surprise awaits everyone who tries this.—Adv.

PRICELESS MINE OFFERED TO HELP WOUNDED SOLDIERS

LONDON, Eng. — So surprising is an offer just made by a lady in the New Zealand government that it reads almost like a Jules Verne romance. It is the free gift from her of a deposit of scheelite, an ore yielding tungsten, used in the hardening of steel, containing 30,000 tons, now worth £631 per ton. Multiplied at even £500 per ton, there is a cool offer of £15,000,000 to be picked up for the working.

Ever since she was a child the generous donor has been interested in mining and geology, and has lived as a working miner on the Yukon river, in Alaska, in Australia and in New Zealand, and declares that she can do a day's hard work in the mine along with any man. The fact that she owns and works (as a side line) a gold mine is not an item in the story. The scheelite deposit was discovered in the Marlborough district of New Zealand several years ago, and it consists of three reefs, over which she holds the mineral rights. One of these she has offered to the government, and the other two—one larger and the other smaller—she is reserving for herself. The offer to the government is made conditional upon all moneys received for stuff actually worked being paid over to the wounded soldiers.

A quarterly dividend of one per cent was declared on the stock of the Third Avenue Railway, which controls the surface line of the thoroughfare as well as numerous subsidiaries in Manhattan, the Bronx and Westchester County.

BREAD MIXER TO PERSON WHO HAS TICKET NO. 435

In the "Good Housekeeping Week" drawing at W. W. Diamond's store yesterday No. 435 was the winning number, the prize being a Universal bread mixer. If the fortunate person holding the above number will call at the store the prize will be delivered. Today's prize will be a silver mounted casserole. All that is necessary to get a chance is to call at the store and receive a card bearing a number, and if the number you hold is drawn, you are the winner.

"Good Housekeeping Week" is meeting with wonderful success and the management of the store extends a hearty invitation to all householders to pay the store a visit. The display of nationally advertised goods is worthy of the time taken to view it.
